This study was conducted to answer the following questions; (1) Are the tenth grade students of SMA Negeri 1 Adonara Barat able to write a narrative text? (2) What is the level of ability of tenth grade students of SMA Negeri 1 Adonara Barat in writing a narrative text? The objectives of the study are as follows: (1) To find out whether or not the tenth grade students of SMA Negeri 1 Adona Barat able to write a narrative text. (2) To find out the level of ability of the tenth grade students of SMA Negeri 1 Adona Barat in writing narrative text. The method used in this study was descriptive method. The aim of this method is to give or explain a situation which is observed while this research is done. The subject of this study was the tenth grade students of SMA Negeri 1 Adonara Barat (class X/IBB²). The total number of class X/IBB² was 20 but the writer only analyzed 15 students, because 5 students didn't join the test. The instrument used in this study was a writing test. The collected data were analyzed and scored based on the five aspects of writing, namely; grammar, vocabulary, mechanic, fluency and form. In analyzing and scoring the students writing, the writer uses the analytic method by John Anderson. The result of this study shows that; (1) The tenth grade students of SMA Negeri 1 Adonara Barat in the school year 2019/2020 were able to write a narrative text. (2) The level of ability was classified as “Good” (23.9). There is no student who got the highest score 30 (Excellent). However there are 4 students (26.7%) who get score 25 – 29 (Very Good). there are 11 students (73.3%) who get score 20 – 24 (Good). There is no student who gets 15 – 19 (Average), 10 – 14 (Below Average) and 5 – 9 (Bad). There are many errors made by the students, they are grammar, vocabulary, punctuation and spelling. Therefore the writer suggests the English teacher of SMA Negeri 1 Adonara Barat to pay more attention on the teaching of grammar especially tenses, subject verb agreement, choice of word, punctuation and spelling
