

CHAPTER V

CONCLUSION AND SUGGESTION

In this chapter presents the conclusion and the suggestion of the study. Conclusion goes in line with the problem statements and the objectives having been formulated in chapter one, theory in chapter two, methods and techniques of the data analysis applied in chapter three and the result of the data having been found in chapter four.

5.1 Conclusion

The study is about morpho-syntax of Lio-Aku dialect. At this point, the writer would like to highlight some points regarding this study.

1. Morpho-syntax of Lio-Aku dialect for the language construction Lio-Aku dialect does not make use of subject verb agreement and tenses. Morphological process happens in this dialect is on compounding and reduplication.
2. For syntax of this dialect, nominal sentence the language construction of this language does not make use of to be. Lio-Aku dialect also has relativizer distributed as adjective clause in this language and modifies a noun or pronoun in this language.

5.2 Suggestion

This language is very interesting. However this language is also risk of endangerment due to the young generations do not acquire the language. In line

with the significance of the study and the result of the data analysis, some suggestion would be offered to many sides accordingly as shown in the following:

1. Experts of Linguistics

The experts of linguistics and other related subjects are suggested to do a continued study or similar study to confirm and extend the linguistics evidence of morpho-syntax in Lio- Aku Dialect.

2. Linguistic Researchers

Other researchers are suggested to conduct other researches focusing on other morphological process, syntactic process and cultural linguistics in Lio -Aku Dialect.

3. Lio Language Speaker

The speakers of Lio-Aku Dialect are suggested to feel proud having local language and attempt to speak it in a proper situation and to use English as instrument of promoting Ende Regency culture especially Lio-Aku culture.
