

## **CHAPTER V**

### **CONCLUSION AND SUGGESTION**

This chapter presents the conclusion and suggestion dealing with the result of the data analysis as has been discussed in chapter four.

#### **5.1 Conclusion**

Based on the discussion of this study, the writer would like to conclude that:

1. The grammatical error that made by the seventh grade students of SMPN 5 Kupang in speaking is 22 (100%). There are six omission errors (27.27%), six addition errors (27.27%), eight misinformation errors (36.36%), and two misordering errors (9.09%).
2. The most common error that made by the seventh grade students of SMPN 5 Kupang is misinformation with the total number of error is eight (36.36%).

#### **5.2 Suggestions**

Based in the conclusion, the writer would like to give some suggestions for the students and the teacher:

1. The students should pay more attention in learning grammar especially in grammatical aspects that related to preposition, verb, article, and noun.
2. The English teachers should give the students more practice to help students improve their grammar.
