

## **CHAPTER V**

### **CONCLUSION AND SUGGESTION**

In this chapter the writer presents the conclusion and suggestion of the research. The conclusion is in line with the research questions of the study, objective of the study, and the result of the data analysis. This suggestion is in line with the significance of the study and result of the study. The conclusion and suggestions are presented below.

#### **5.1 Conclusion**

The following are the conclusions that can be drawn from this study based on the data analysis. They are:

1. The twelfth grade students of SMA Negeri 2 Kupang in the school year 2019/2020 were able to construct conditional sentence type III.
2. The ability level of the twelfth grade students of SMA Negeri 2 Kupang in the school year 2019/2020 in constructing conditional sentence type III is **Fairly Good** which is determined by the result of the students 67.8%.

#### **5.2 Suggestions**

Based on the result of the data analysis and discussion, the writer would like to give some suggestions that might be useful. The suggestions are presented in detail below.

### 1. The Writer

The writer is a prospective teacher in preparing herself to become a teacher in the future. Seeing the result of the study above, the writer is motivated to study hard the English grammar, especially the tenses and try to get a better way of how to solve their problems in using and conditional sentence type III.

### 2. To the English Teachers

The result of the data analysis can give valuable contribution and also be the English teachers' consideration for the next teaching and learning. The teachers' should improve the students' ability in conditional sentence type III and should give more explanations to understand conditional sentence type III and they also should help them to master vocabulary and grammar which can help them able to construct conditional sentence type III.

### 3. To the Students

Based on the result of the study, students can be motivated to study more English, especially in using conditional sentence type III. For the students who had Average, Below Average, and Poor, they can try to learn and read more about Vocabulary and Grammar especially past perfect tense and do more exercises of using conditional sentence type III that can help them to be able to use and construct conditional sentence type III.
