2. The English teacher of the researched school is suggested to give the students more practice in writing in order to improve the students' writing ability. In addition, the teacher should put more attention to the students' writing and help them to fix their writing.

3. The students need to improve their ability in grammar, vocabulary, mechanics, and form and always try to improve their writing ability by practicing to write.
4. The students of English Study Program of Widya Mandira Catholic University as the future researcher can use the result of this study as a reference. They are able to conduct other research relating to the students' ability in writing descriptive text and improve the study to be better than before. They should be careful in assessing the data.
