

CHAPTER V

CONCLUSIONS AND SUGGESTIONS

In this chapter, the writer presents conclusion and suggestions of the study as follows :

5.1 Conclusions

Based on the result of the data analysis, the writer comes to the conclusion. Tetun Dili morpheme has two types of morpheme, they are free morpheme and bound morpheme. Free morpheme is the morpheme can stand alone as words like *loke* 'open', *naruk* 'tall', *han* 'eat'. Bound morpheme is the morpheme that cannot stand as a word like ha-, nak-, -dor, -ten, hak-... -k, na-... -n.

Tetun affixes that has function as Verbal- causative are prefixes ha- nak-, suffix -n, circumfix ha -... -n

5.2 Suggestions

Based on the problem statements and after having analysis, the researcher suggests for:

1. The Students

For the students who study Morphology, in the case of derivational affixes, they can take this thesis as a reference. They can know the kinds and functions of affixes.

2. Other Researchers

For the other researcher, they can also take this research as a reference for further research in the case of derivational affixes. They may combine and develop the research with many interdisciplinary studies.
