

CHAPTER V

CONCLUSION AND SUGGESTION

In this chapter, the writer draws some conclusions and suggestions based on the data analysis of this study.

5.1 Conclusion

After analyzing and discussing the students error in writing descriptive text, the writer can conclude that:

1. The errors made by the eighth grade students of SMPN 2 Kupang in writing descriptive text were omission, addition, misformation and misordering. The number of errors in grammar was 104,9. The common errors in grammar was omission 5% addition 0% misformation 96,8% and misordering 3,1%.
2. The most common error committed by the students in writing descriptive text is misformation 104,9 (104,9%)

5.2 Suggestion

The writer would like to give some suggestions to teachers and students that might be useful for improving grammatical errors in writing descriptive text.

1. For the teacher

The teacher should give more emphasis on grammatical aspect especially in using simple present tense, subject and verb agreement, using

modal and pronoun, article and preposition also how to make a good sentence because the students still lack of knowledge in these part.

2. For the Students

The eighth grade students of SMPN 2 Kupang should learn more how to write a good text and focused on grammar especially about tenses.
