

## CHAPTER V

### CONCLUSION AND SUGGESTION

In this chapter the writer presents the conclusion and suggestion

#### 1.1 Conclusion

In this study there are affixes used in three types, Prefixes, Suffixes and Circumfixes. The prefix data appear in different form of prefix, such as */Ha/*, */Hak/*, */Na/*, */Nak/*, and */Nam/*. There are four kinds of suffixes, they are : */-saun/*, */-dór/*, */-ten/* and */-tu/* and also there are two kinds of Circumfix in Tetun Prasa language, namely : */Hak-...-K/* and */Ha-...-K/*

#### 1.2 Suggestion

The writer would like to offer some suggestion as follow as :

1. For the Readers

They can practice analyzing the used of affixation in the different language used folktales.

2. For the Researchers

They can study further about affixation viewed from prefix, suffix and circumfix, and also the researcher who is interested in taking the research about Tetun Prasa language, they can use this research as the one of resources.

3. For the Teacher

They can explain about the affixation, so they can use it in the teaching – Learning Process.
