

CHAPTER V

CONCLUSION AND SUGGESTIONS

In this chapter, the writer presents the conclusion and the suggestions of the study.

5.1 Conclusion

Based on the result of the data analysis, the writer comes to the conclusion. The result of data analysis indicates that the students of SMP Negeri 10 Kupang were able to understand the text they read, and their levels of ability are as follows: Nine students (16,7%) got good ability level ranging from 7.6 – 8.5. Six students (16,7%) got fairly good level ability ranging from 6.6 – 7.5. Eight students (22,2%) got average ability level ranging from 5.6 – 6.5. Two students (27,7%) got below average ability level ranging from 4.6 – 5.5. Three students (16,7%) got poor level of ability ranging from 3.6 – 4.5. The ability level of the whole students was average.

5.2 Suggestion.

Based on the conclusion above, the writer would like to suggest the following things.

1. For the English Teacher

In order to improve the students' ability in reading comprehension, the English teacher should give more explanations about English reading text and they also should help them to master on vocabulary that can help them comprehend reading text.

2. For the Students

The students should practise English reading text. They should have English – English and English – Indonesia dictionaries to look up the difficult words they find in the reading any text.

3. For the Research

The Research can be use by SMP 10 Kupang as a reference and education about Descriptive Text for the future.
