

CHAPTER V

CONCLUSION AND SUGGESTION

5.1 Conclusion

As already mentioned in the first chapter, the aim of this study are to describe students' ability in writing descriptive text and to find out students ability in writing descriptive text at SMA Negeri Kapan. The researcher would like to conclude the data obtained in this chapter. There is some result to be concluded:

1. The ability level of the eleventh grade students of SMA Negeri 1 Kapan Soe on the writing a text is good (15,53)
2. The difficulties found by the eleventh grade students of SMA Negeri Kapan Soe on the writing a text were difficulties experienced in grammar (Sentence construction), vocabulary (word choice), and mechanics (Punctuation, capital letter)

5.2 Suggestions

Based on the result finding, the writer would like to give some suggestions, as follows:

1. Teacher of English needs to make a remedial teaching on grammar, vocabulary and mechanics. Besides the teacher should motivate the students to write and to join English writing contest.
2. The students should review the lesson at home and enlarge their knowledge about grammar, mechanics, vocabulary, organization and the content of descriptive text by writing descriptive text; also they should focus their knowledge on the writing a text.
3. In writing, vocabularies are also important because one word may have more than one meaning. So, learners must have abilities in choosing words. Sometimes learners

only transfer their native language to English.

4. The readers are recommended to use this thesis as one of the references in finding information about the analysis of students' ability on the writing a text. Teacher should motivate the students to write, to join English writing contest, one thing teacher should remember is that learners be able to write well if teacher always guide and motivates them write.
