

CHAPTER V

CONCLUSION AND SUGGESTION

In this chapter the writer presents the conclusion of this study and suggestion that would be useful. The conclusion are the answer of the statement of the problem stated in chapter I and the some suggestions which is based on the conclusion that are gained from the result of analysis and discussion.

5.1 Conclusion

Based on the result of the data analysis, the writer comes to the conclusion. The result of data analysis indicates that the tenth grade students of SMA N 3 Kupang are able to understand the text they read and their level of ability as follow: 4 students who got excellent level of ability ranging from 9.6 – 10. 12 students who got very good level of ability ranging from 8.6 – 9.5. 20 students got good level of ability ranging from 7.6 – 8.5. 3 students got fairly good level of ability ranging from 6.6 – 7.5. 1 student got average level of ability ranging from 5.6 – 6.5. Based on the data above, the writer made a conclusion that the ability level of the tenth grade students of SMA N 3 Kupang on reading comprehension is **Very Good** (86%).

5.2 Suggestion

Based on the conclusion of the study that goes in line with the problem statement, and the significance of the study, the writer would like to give some suggestions as shown below.

1. For the English Teacher

The English teacher at SMA N 3 Kupang should pay more attention to the student's vocabulary and check the students mastery on the vocabulary used in the reading text. The teacher of English is also suggested to often give reading task to students so that they are familiar with working with reading text.

2. For the Students

The students should study English hard in general, and reading comprehension in particular so they have more interest to learn English. They should enlarge their vocabulary stock by reading texts in English. The students studying English are also suggested to often read reading text so that they are familiar with working with reading text.
