

CHAPTER V

CONCLUSION AND SUGGESTION

In this chapter, the writer presents the conclusion of the study and the suggestions. The conclusion is in line with the problem statement, objective of the study and the result of data analysis. The suggestion is in line with the significance of the study and the result of the study. The conclusions and suggestions are presented below.

5.1 Conclusion

The conclusion is the answer to the problem statement in chapter I. It is like a summary of what has been analyzed, described, and found in chapter IV. Based on the result of the data analysis, the conclusion in detail is shown below:

5.1.1 The Students Vocabulary Mastery Level as a Class

Before presenting the students vocabulary mastery level on the whole test. The mastery level as a class in each kind of test is presented.

1. The eighth grade students of SMPN14 Kupang in the school year 2014/2015 have mastered the vocabulary in the domain of human body part.
2. The vocabulary mastery level of the eighth grade students of SMP 14Kupang in the school year 2014/2015 was **5.93**. It is classified as **average** according to the standard of measurement.

5.1.2 Areas of Difficulties on human body part vocabulary mastery

The eighth grade students of SMPN 14Kupang still get confused in human body part. The areas of difficulties of the eighth grade students of SMPN 14Kupang are on the following.

1. The students lack of vocabulary stock, the reasons many students used dictionary, and ask for their friends or teachers about meaning of word in question.
2. The students did not differentiate the word in singular or plural forms. For example: *we have two ears* this kind of difficult was face many students so they answers *ear*.

5.2 Suggestion

In line with the significance of the study and the result of data analysis, a number of suggestions would be offered to many sides in accordance with their role, responsibility, capacity, and capability.

1. For the English Teacher.

The teacher is suggested to teach and practice English vocabulary in general vocabulary referring to human body part in particular in context and co-text to be meaningful and natural.

2. For the Students.

The students are suggested to learn and practice English vocabulary in general and vocabulary referring human body part in particular in context and co-text to be meaningful and natural.

3. The Writer

By seeing the grades and mastery level of the students, the writer was motivated to study more about English vocabulary in general and vocabulary referring to human body parts in particular. The writer was also trained in how to conduct and report a research.
