

CHAPTER V

CONCLUSION AND SUGGESTION

In this chapter, the writer presents the conclusion and the suggestion of the study. The conclusion and the suggestion are presented below.

5.1 Conclusion

From the analysis of the study, the following are the conclusions:

1. The eleventh grade students of SMA Swasta Beringin Kupang in the school year 2014/2015 able to understand what they read.
2. The students' level of ability in understanding a reading text from two classes is classified "*average*", 56%.
3. The area of difficulty faced by the eleventh grade students of SMA Beringin Kupang in the school year 2014/2015 is answering essay test. Meanwhile the eleventh grade students of SMA Beringin kupang in the school year 2014/2015 also have difficulty in answering the each of question, because the students lack of knowledge of grammar to arrange sentences to answer the question number 5 in essay test.

5.1 Suggestion

In the line with the result of the data analysis, a number of suggestions are offered to many sides in accordance with their role, responsibility, capacity, and capability.

1. To the Writer

The writer is a prospective teacher in preparing herself to become a teacher in the future. Seeing the result of the study above the writer is motivated to study hard about English grammar, acquire many vocabularies and try to get a good way of how to solve their problem in comprehending reading text.

2. To the English Teachers

The result of the data analysis and the suggestion can give valuable contribution to the teacher of English about the ability of students in reading text. They can improve the teaching of English especially they should help them on grammar and vocabulary mastery.

3. To the Students

Based on the result of the study, they can be motivated to study more English, especially in comprehending of English text. They can try to do more exercises in English reading text, try to translate the words by using dictionary and try to get more vocabulary. The writer also suggests them to learn more about grammar that can help them to comprehend reading text.
